## body synergy welcomes Decleor!

We are thrilled to now offer Decleor face and body rituals at Body Synergy. Derived from the heart of flowers, leaves, fruits, bark, seeds and roots of plants, these aromatic, fragrant and volatile concentrates are the most powerful natural active ingredients known. Their vision of beauty is inseparable from their vision of the world, where balance is respected and natural qualities are able to flourish. All Decleor facials begin with a back, neck and shoulder massage to calm and relax with attention given to every last detail ensuring a complete sensation of well being is achieved.

### IPL - intense pulsed light - get your body ready to be bare!

If you have facial or body hair that you'd love to see gone for good, IPL could be the solution. It takes just 6-8 treatments on average (you may see results in fewer than 6 treatments, and it may take slightly longer for resistant hair). The area is zapped with light at a high frequency that is attracted to the pigment in the hair, destroying the root of the hair and discouraging reproduction.

**See Anna for a pre-treatment consultation and get started now before summer and beach time are here!**
